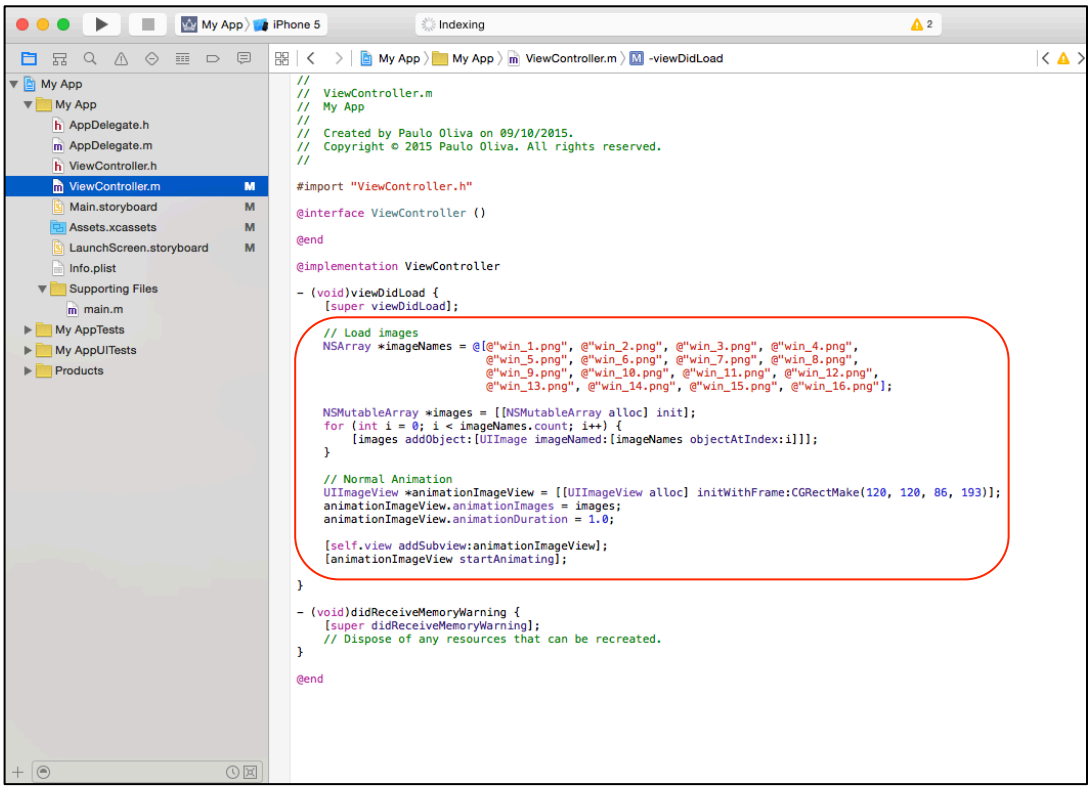
Session 3 : Animation and background music

1. Download this set of images

   http://eecs.qmul.ac.uk/~pbo/code/iphone/animation_images.zip

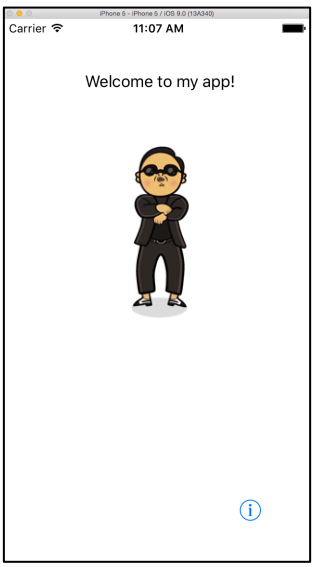
2. Drag all images into Assets.xcassets (as we did with the app icon)
3. Navigate to ViewController.m and add the code shown:



4. The code can be downloaded from

   http://eecs.qmul.ac.uk/~pbo/code/iphone/code.html

5. Test your app.
   Modify the animationDurantion
   Modify the coordinates of CGRectMake(...)

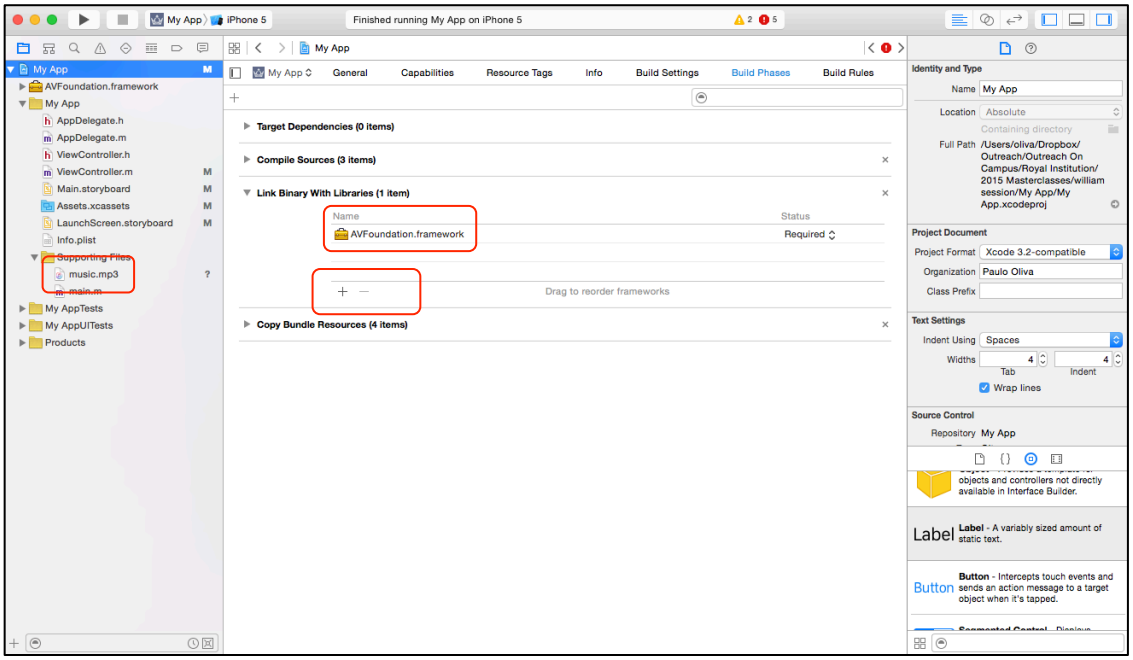


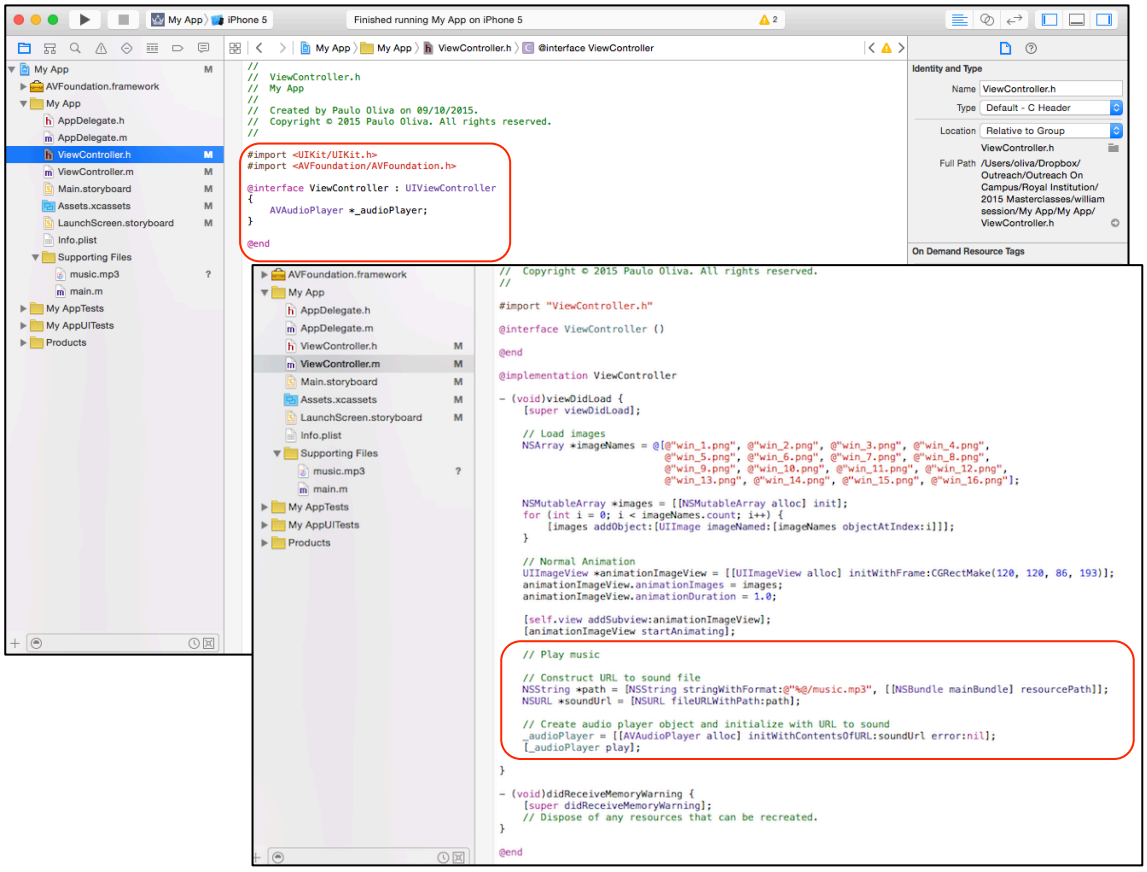
Background Music

1. Download sound file from (*for use in masterclass only*)

   http://eecs.qmul.ac.uk/~pbo/code/iphone/music.mp3

2. Drag the sound file to “Supporting Files” (on left panel)
3. Import AVFoundations





4. Add the following code to ViewController.h and ViewController.m
